Envisioning a Bright Future for All Students

Editor's Note: The following is the text of remarks by IDRA President & CEO Celina Moreno, J.D., at IDRA's 50th Anniversary Gala.

Thank you for celebrating with us tonight as we honor the bold legacy of Dr. José Cárdenas. I think about what it must have been like to take such a leap of faith to leave his superintendent position and start an organization from scratch. Such courage! 50 years later, our team is still driven by his vision.

We believe deeply that all young people have the right to graduate from high-quality public schools that are equitable and well-funded and that prepare every single young person to access and succeed in college – without being forced to abandon their language, gender or cultural identities in order to thrive.

Anniversary Year in Review

Since the *Rodríguez v. San Antonio ISD* Supreme Court ruling in 1973 allowed a host of inequities in school funding to continue, IDRA has transformed public education by providing dynamic educator training, actionable research, innovative student and parent leadership programs, and bold policy advocacy in the southern United States and across the nation.

IDRA 50th Anniversary
Bold Legacy ~ Bright Future

**Highlights of IDRA's 50th Anniversary
Calendar of Events**

This year, IDRA held events to both celebrate our anniversary and, importantly, do so with members of the education community, public officials, and longtime supporters. These are people who have been part of IDRA's story since the beginning and those who are doing the work with us today.

Bold Legacy, Bright Future – IDRA's 50th Anniversary Gala

In November, our anniversary gala brought together over 300 educators, policymakers, researchers, students and advocates from across the nation for a celebration of five decades of advocating excellent and equitable public schools for all students.

It was a special evening to pay tribute to IDRA's bold legacy and to look to a bright future for the young people for whom, and with whom, we do this work.

Applications are Open for IDRA's Youth Advisory Board in Texas

The graphic features a yellow background with an orange border. On the left, a red speech bubble says "Apply Today!". The main text reads "IDRA Youth Advisory Board" in large, colorful letters. To the right is a photo of four diverse young people smiling. Below the photo, a list of benefits is shown next to a checkmark icon. On the right side, there is a circular logo for IDRA's 50th Anniversary. At the bottom, the website "www.idra.org" is displayed between two stacks of books.

Apply Today!

IDRA Youth Advisory Board

Build student networks with other groups of young advocates
Learn to analyze education policies and research
Create social media content to engage community members
Host a youth led event

50th Anniversary
IDRA

www.idra.org

We are looking for 9-12th grade public school students in Texas. IDRA values the voices and perspectives of all young Texans. Students with disabilities, LGBTQ+ students, and students from Black, Latinx/e, Arab, Asian, Pacific Islander, or Native communities are highly encouraged to apply

Selected board members will get:

- Virtual 40-week program with \$3,000 stipend (5 hours a week)
- Computer to use during the program
- Training on research, advocacy, and community engagement strategies to sharpen relationship-building and presentation skills
- At least two in-person meetings to strengthen relationships with IDRA staff and other Youth Advisory Board members

Application Deadline: Friday, January 12 @11:59 pm CT

Alamo STEM Ecosystem Professional Development Conference

Calling all pre-
and in-service
teachers
interested in K-12
STEM learning!

February 3, 2024
8:30-2:30 pm CT
Free, 6 CE Hours
Palo Alto College

www.alamostemecosystem.org/conference

The Alamo STEM Ecosystem Professional Development Conference is an annual event for San Antonio-area teachers and pre-service teachers. San Antonio is a city rich in STEM-related organizations that provide innovative and relevant resources for teachers. The conference goal is to provide access to and information about these innovative resources through a free, one-day conference specifically for teachers at all career stages. Co-led by IDRA, the Alamo STEM Ecosystem is pleased to announce the 2024 conference will be 100% in-person, hosted by the Palo Alto College STEM Center.
